PATHFINDER :

MICROECONOMICS

[www.library.usc.edu.ph](http://www.library.usc.edu.ph)

July 2015

A Pathfinder is a guide to the literature and resources in a particular subject area. It is a subject-oriented research guide designed to encourage researchers a self-directed use of the library.

The Bernard Bonk Library provides pathfinder basically to support students and faculty in their search for recorded literature and resources available at the USC library System and accessible on the net.

Should you have comments, questions and suggestions on this pathfinder please contact Bernard Bonk Library at 2531000 local 126 or email to [uscbernardbonklibrary@yahoo.com](mailto:uscbernardbonklibrary@yahoo.com)

Keyword: Microeconomics

Scope Note: The branch of economics that analyzes the market behavior of individual consumers and firms in an attempt to understand the decision-making process of firms and households. It is concerned with the interaction between individual buyers and sellers and the factors that influence the choices made by buyers and sellers. In particular, microeconomics focuses on patterns of supply and demand and the determination of price and output in individual markets ([www.investopedia.com](http://www.investopedia.com))

Narrower Term: Industrial organization (Economic theory)  
Managerial Economics

Production ( Economic theory)

Used for : Price Theory

Broader Term: Economics
