PATHFINDER

for

URBAN PLANNING

(Graduate Program)

www.library.usc.edu.ph

September 2015

Introduction

A ***Pathfinder*** is a guide to the literature and resources in a particular subject area. It is a subject-oriented research guide designed to encourage researchers a self-directed use of the library.

The Humanities Section provides pathfinders basically to support students and faculty in their search for recorded literature and resources available at the USC Library System and accessible on the Net.

Should you have comments, questions and suggestions on this pathfinder, please contact the Humanities Section 2300.100 local 197 or email to humanities.uscblrc@gmail.com

Key Term: Urban Planning

USE *City planning*

Scope Note: Planning a future community, or the guidance and shaping of the expansion of a present community, in an organized manner and with an organized layout, taking into account such considerations as convenience for its inhabitants, environmental conditions, social requirements, recreational activities, esthetic design, and economic feasibility; includes, as well as projections for the future. (Source: Harris, Cyril M. (Ed.). (1993). *Dictionary of architecture & construction: over 2000 illustrations*. 720.3 H24 Gen. Ref Library).

Use for: Cities and towns – planning
City planning – Government policy
Civic planning
Land use, Urban - Management
Town planning
Urban design
Urban development

Borrower Term: Land use - Planning
Planning

Related Term: Art, Municipal
Civic improvement
